CHAPTER 1

AFFILIATED EVENTING & ZAMBIA EVENTING CODE OF CONDUCT

AFFILIATED EVENTING

1.1 Zambia National Equestrian Federation (ZANEF) is the governing body for Affiliated Eventing in Zambia, ZANEF regulates and supervises all Events which are affiliated to it.

1.2 The ZANEF Eventing Rules, which form the framework for the conduct of National Events, are contained in this Handbook. Whenever amendments are necessary, notice will be given to members by all reasonable and appropriate means.

1.3 Zambia Eventing operates under The Zambia National Equestrian Federation (ZANEF) which is affiliated to the Federation Equestre Internationale (FEI), the world governing body of equestrian sport. The FEI has made Rules for the conduct of all INTERNATIONAL EVENTS which are set out in full at www.fei.org

1.4 All Eventing competitions, National and International, consist of three separate phases; dressage, show jumping and cross country, which have to be carried out by the same Horse and rider.

1.5 The two types of National Event are:

1.5.1 One Day Events: in which the three phases will usually, though not inevitably, take place on the same day with dressage first and cross country last.

1.5.2 Three Day Events: the three phases take place in the order of dressage, cross country (with or without roads and tracks and steeplechase) and show jumping.

1.6 When ZANEF affiliated Events run both National and International Classes the ZANEF Eventing Rules and the FEI Rules apply to the appropriate individual classes and are administered by the Officials appointed to each class. ZANEF remains the supervisory body for the Event.

ZAMBIA EVENTING CODE OF CONDUCT

1.7 Members of ZANEF and those connected with them are required to abide by this Code of Conduct as regards both the welfare of the Horses and their own conduct.

1.8 ZANEF is at one with the FEI in that at all times the welfare of the Horse is paramount in the sport of Eventing and must never be subordinated to competitive or commercial interests. All stages during the preparation, training and competing of competition
Horses, welfare must take precedence over all other demands. This includes good Horse management, training methods, farriery, tack and transportation.

1.9 The sport of Eventing involves many people; as Competitors and their connections, as Organisers and the teams of Officials and as helpers. The sport relies heavily on the support and active involvement of many volunteers and many professionals in diverse fields. Zambia Eventing requires everyone involved in the sport to behave in a civilised and courteous way towards each other and to uphold the integrity and repute of the sport.

1.10 Members must familiarise themselves with requirements and obligations imposed by Zambia Eventing rules which are binding on them. They should also bring these Rules to the attention of non-members who may be participating in the sport with them, such as connections or event helpers, and to do their best to ensure compliance as appropriate. Members are responsible for the actions of any non-members employed or otherwise assisting or acting on their behalf and any action or omission of such a person which would amount to a breach of the Rules by a Member shall constitute a breach by the Member on whose behalf it was committed.

1.11 It is not possible to anticipate every eventuality in these Rules. They are intended to form an interlocking code for the conduct of the sport; each Rule must be read by reference to the Rules as a whole and in the general context of this Code of Conduct.

1.12 Officials are required to take decisions in a fair and sporting manner and in accordance with the Code of Conduct of these Rules. Members are expected to respond and behave in the same way.

1.13 Failure to comply with the Rules, and the underlying Code of Conduct, may give rise to disciplinary action. The Rules relating to the disciplinary process are set out in the ZANEF General Regulations.

INTERPRETATION

1.14 For the purposes of these Rules:
1.14.1 All references to Horses include ponies (150cm and under) unless provided otherwise
1.14.2 Words connoting gender are a reference to any gender
1.14.3 Words denoting the singular may include the plural, and vice versa, as appropriate.
1.14.4 Reference to any ‘phase’ of an event includes the warm-up for that phase.
1.14.5 All requirements and obligations set out herein constitute Rules whether or not they are expressly described as such.

EVENT OFFICIALS; ZANEF EVENTING TEAM DUTIES; DISCIPLINARY SANCTIONS

3.1 The **Organiser** of an Event is the person or company who has contracted with ZANEF in an **Affiliation Agreement** to organise a ZANEF Event and to run specified classes at that event with a ZANEF approved schedule. The Organiser has the financial responsibility for the Event, appoints all the officials in agreement with ZANEF and is responsible for ensuring that the Event reflects the ZANEF Health and Safety Guidelines. The Organiser may refuse any entry to an Event.

3.2 The **Entries Secretary** will normally handle all aspects of entries, withdrawals and other administration. A separate secretary who will handle stabling may be named in the Schedule.

3.3 The **Event Secretary** will handle all secretarial administration on the days of the Event, including on-going entries matters, distribution of numbers, collection of start fees and the multitude of queries which arise over a day.

3.4 The **Health and Safety Steward** is appointed by the Organiser to advise the Organiser on all aspects of Health and Safety. He must be independent of the Organiser or Organising Committee.

- The ZANEF **Clubs Representative** together with the **Eventing Sub Committee** who must oversee the continuance of existing Events, establishment of new Events and subsequent conduct of Events within a geographical region specified by the federation.
3.7.2 The duties to be carried out by the CS in conjunction with the TD and where appropriate, in consultation with the Organiser and other relevant officials, include:

- Ensuring that proper arrangements have been made for acceptance of the appropriate number of entries, the running and judging of each phase, the time-keeping, the scoring and health and safety matters which includes arrangements for dealing with unforeseen eventualities and other incidents.
- Approving show jumping and cross country courses before they are open to Competitors and such alterations as may be necessary throughout the Event.

3.8 Discipline (including Appeals), Event Incidents, Rider Referrals, Horse Falls

3.8.1 Disciplinary Sanctions

If the CS, in consultation with the TD, is satisfied that any Member, any person taking part in the Event, or a person connected in any way with a Member, has acted in breach of, or is not complying with, these Rules, he has the authority under these Rules to impose one or more of the following sanctions:

3.8.1.1 The withdrawal or retirement of the Horse and Competitor;

3.8.1.2 A Caution;

3.8.1.3 A Reprimand;

3.8.1.4 The addition of 10 penalties to the score of the combination for unacceptable conduct by the Competitor;

3.8.1.5 The addition of 25 penalties to the score of the combination for dangerous riding;

3.8.1.6 Elimination of the Horse and Competitor;
3.8.1.7 Disqualification of the Competitor from further participation in any classes, National or International, at the Event.

3.8.1.8 A fine of up to ZMK1000;

3.8.1.9 Alternatively, or in addition to any of the above, the Steward may refer the matter to the ZANEF Executive Committee.

3.8.2 Disciplinary List
All Disciplinary Sanctions will be recorded on this list and on the named person’s record for twelve months. Details of the entry will be provided to the named person on written request. The list may be published by ZANEF from time to time.

3.8.3 The Event Incident Log
This is an internal document used by the federation primarily to record incidents at Events which, though not appropriate for the Disciplinary List, have nonetheless given cause for concern, on grounds for example, such as welfare, safety or conduct. The person concerned will always be told, by the CS or TD that they are to be added to the Log and of the reasons why. The Log will be made available to the ZANEF Officials Rep and Club Rep. and others as necessary. Details of the Log entry will be made available to the person named on written request to the federation.

3.8.4 Rider Referrals
If a Competitor’s riding has given cause for concern and the CS or TD consider that the Competitor may benefit from additional advice and/or training, they may after discussion with the Competitor, decide whether coaching sessions and/or assessments with a specifically appointed National/International Coach are necessary.

If the Competitor’s riding continues to give concern at the next Event the competitor may be prevented from entering further ZANEF Affiliated competitions until those concerns are resolved.

3.8.5 Horse Fall Protocol
The Horse Fall Protocol is used to track and respond to recurrent Horse Falls and is lodged with the federation.

The FEI Head Vet will investigate any Horse that has two falls in a 12 month period and, in conjunction with the owner and rider, seek to ascertain the reason for the falls and steps which may be needed to prevent further falls.

Any Horse that falls three times in a 24 month period will be automatically suspended pending investigation involving the ZANEF Executive Committee.

3.8.6 The Disciplinary Powers of the CS & TD
The CS in consultation with the TD can refer any case to be assessed by the ZANEF Executive Committee.

### 3.8.7 Appeals from the CS and or Organiser
An appeal may be made to the ZANEF Executive Committee against any sanction imposed by the CS under Rule 3.8.1 or by the ZANEF Chairman under Rule 3.8.6. Such appeal must be made, within five working days of the decision appealed against, in writing to the ZANEF Chairman and must be accompanied by a fee of ZMK1000.

### 3.8.8 Cross Discipline Suspensions
If a Member is suspended by another affiliated discipline of ZANEF that Member will automatically be suspended from all other disciplines.

### 3.8.9 FEI Suspensions
If a Member is suspended by the FEI, that Member will automatically be suspended from ZANEF on the same terms.

### 3.8.10 ZANEF General & Disciplinary Rules 2014
Please refer to the ZANEF General & Disciplinary Rules 2014 document for more information on the correct procedures to lodge a complaint or report of Abuse of the Horse or Official.
CHAPTER 4

THE ENTRIES, PROCESS INCLUDING WITHDRAWALS AND REFUNDS; CANCELLATION AND ABANDONMENT

4.1 Event Information
All necessary information about each Event is on the ZANEF Website dev.zanef.com. Schedules will be available online and also sent to member’s email address. Entries are done online at dev.zanef.com. A WhatsApp Group will be formed once the entries are closed and this must be closely monitored for any updates to the event. Each Event Schedule will include a lot of relevant information, including:

4.1.1 The names and contact details of the Organiser(s) and the Entries Secretary. (See Rules 3.1 and 3.2)

4.1.2 The classes including special classes or qualifiers, and the day(s) when they will run.

4.1.3 The fees

4.1.4 The Opening Date for Entries is usually 5 – 6 weeks before the Event. No advantage will be gained by entering before this date.

4.1.5 The Late Entry Surcharge Date is an entry received after the Close of Entries. Late entries will be charged K100/Entry.

4.1.6 The Event Refund Policy. This important information can vary between Events.

4.1.7 The Withdrawal Date. All information on withdrawals and changes to entries should be notified by this date to help in the preparation of Competitors’ starting times.

4.1.8 The Starting Times information includes details of publication.

4.1.9 Stabling arrangements, including information on refunds on withdrawal and abandonment.

4.2 Entries
Entries should be made in accordance with the information in the Schedule, preferably online to dev.zanef.com. A paper entry can be made using a form which will be attached to the Event Schedule with payment made by cheque or cash. Incorrect entries may be rejected. No entries will be accepted without payment.
Double Entries; Arrangements and Limitations

- Competitors entering more than one Horse in an Event may state with their entry the order in which they wish to ride them, which will be complied with where possible. Where no preference is expressed, the Organiser’s decision is final.
- The Organiser may reduce the number of Horses ridden by any Competitor because of timetabling constraints.
- No Competitor may ride more than 5 Horses in the cross country phase in one day.

Hors Concours (HC)

- Horses that have been eliminated or disqualified may only take part in a Class by running HC and at the discretion of the CS & TD.

Inducement to compete. No Member shall offer or receive any form of inducement that is not available to all Competitors to enter or compete in any National Event unless the CS permits otherwise.

Competitor Limits

- The maximum number of entries which may be accepted by Events from the point of sectioning onwards is 258 per day.
- Unless the ZANEF Clubs Representative permits otherwise, the maximum permitted number of Competitors per section is 42.

Start Times

- Start Times for each combination will be made available as indicated in the Schedule and will also be posted at the Event Secretary’s office during the event. Where possible, but in their discretion, when preparing Start Times Scorers will try to accommodate specific timing requests.
- Start Times must always provide for each Horse to have an interval of at least 30 minutes between finishing one phase and starting the next. If Show Jumping is the final phase, the interval must be at least 60 minutes. These intervals may be reduced only in exceptional circumstances by the direction of the CS in conjunction with the TD and the Organiser.
- If in exceptional circumstances, the published Start Times have to be amended, steps will be taken by all reasonable means to notify all Competitors and Officials potentially affected.
- Preparation of the Start Times, usually started some two days before publication, is a very important time for the Event Organiser’s team. The efficient organisation of the Event day(s) is helped significantly if all withdrawals and changes are notified by this time at the very latest. Some Events may choose to reflect this in their refunds policy as much more work is involved in re-organising times and dealing with late entries after this date.
- Competitors must be prepared to start each phase at their published times. Any competitor ready to start any phase ahead of these times may do so...
at the discretion of the starter of that phase but must be within the time-
frame of the particular section.
- Any competitor who withdraws during an Event must notify this to the
  Secretary straightaway.

4.5 Withdrawals
Accepted entries are assumed to be competing unless they withdraw by
notifying the Entries Secretary in writing by letter, card, email or fax. During
the Event, entrants must withdraw by notifying the Event Secretary.
CHAPTER 5

THE COMPETITION; GENERAL GUIDANCE & RULES OF PARTICIPATION

This Chapter 5 identifies key requirements and obligations for Competitors participating in an Event. Chapter 6 sets out the rules relating to each individual phase. Rule 3.7.2 sets out the sanctions for non-compliance.

5.1 Eligibility and Fitness
Competitors must ensure that both they and the Horse they ride:
• Are eligible, and competent, to compete appropriately in the class which they have entered; and
• Are fit enough to do so.

5.2 Safety
Competitors must ensure their Horses are managed properly and safely throughout the Event.

5.3 Officials
Many Officials are volunteers that are appointed to help the Event Organiser provide sport for the Competitors. Competitors must cooperate with them and comply with any reasonable order or direction given by an Official. Incivility or rudeness to an Official is a breach of the Rules and the Code of Conduct.

5.4 Reputation of the Sport
Members must not act in a manner which is prejudicial to the integrity, proper conduct or good reputation of ZANEF events or ZANEF itself. Members should have this in mind at all times, including when using social media.

5.5 Horse Welfare – Abuse of Horse
Competitors must never ill-treat or abuse a Horse in any way whatsoever. The following are some examples of contact which can constitute abuse:
• Use of the whip
  The use of the whip must be:
  ➢ For a good reason, as an aid to encourage the Horse forward or as a reprimand. Use of the whip to vent a Competitor’s anger is excessive.
  ➢ At an appropriate time, namely when the Horse is reluctant to go forward under normal aids of seat and legs or as a reprimand immediately after a Horse has been disobedient. Use after elimination is always excessive.
  ➢ In the right place, namely down the shoulder or behind the leg but never overarm. Use on a Horse’s head, neck etc. is always excessive.
  ➢ With appropriate severity. As a reprimand only. However; it should never be hit more than three times for any one incident. Use of whip which causes injury, e.g. broken skin or a weal, is always excessive.
• Spurs
  ➢ The use of spurs to reprimand a Horse is always abuse.
  ➢ The use of a spur resulting in injury to a Horse is always excessive.
• The Bit
  ➢ Use of the bit to reprimand a Horse is always abuse.
• Tired Horse.
  ➢ Riding an exhausted, lame or injured Horse or excessive pressing of a
tired Horse constitutes abuse.
• Rapping is abuse.

5.6 Dangerous Riding
A Competitor who at any stage of the competition rides in a way which may
adversely affect the safety of himself, his Horse or any third party to a greater
extent than is inherent in the nature of the sport is guilty of dangerous riding
and is therefore in breach of these Rules.

The following are some examples of conduct which may constitute dangerous
riding:
• Riding out of control;
• Riding fences too fast for the fence in question;
• Riding fences too slowly for the fences in question. This can include
  jumping a fence when a Horse has slowed down so much, or come to a
  standstill, so that the loss of momentum will seriously reduce the prospects
  of the Horse jumping the fence safely.
• Repeatedly standing off fences too far;
• Riding the Horse with excessive force to the foot of the fence;
• Riding an unresponsive Horse;
• Repeatedly being ahead or behind the Horse movement when jumping;
• Riding without regard to these Rules.

5.7 Unauthorised Assistance
Unauthorised assistance during any phase of the competition is forbidden.
The following activities are some examples of unauthorised assistance:
• Any outside help or instructions, whether solicited or not, by voice, sounds,
signs or other indications designed to help the Competitor;
• Any tampering with obstacles, marker flags, string or any other part of the
  show jumping or cross country courses;
• Intentionally taking a lead from another Competitor in the cross country
  phase.
However;
• A Competitor who has fallen or dismounted may be assisted to catch his
  Horse, remount, or adjust saddlery and equipment;
• A whip, headgear or spectacles may be handed to a Competitor;
On a cross country course, fence judges are permitted to call out ‘first’ or ‘second’ refusal or to provide information whether jumping penalties have been incurred as the result of dislodging any part of a fence or its marker flags.

Calling out encouragement to Competitors is not considered outside assistance.

5.8 **Electronic and Other Devices**
- No receiving, recording, transmitting or monitoring device may be used by a Competitor during any phase of an Event.
- Permission of the CS and TD is required for use of head or bridle cameras.

5.9 **Pace**
Pace throughout the Event, Competitors are free to choose the pace at which they ride. They should, however, always take account of the requirements of each phase, the prevailing conditions and terrain, the fitness and ability of themselves and their Horse and all other factors which may be relevant to the welfare of both Horse and rider. On the cross country course, they must also have regard to and respect the class speed, the optimum and ‘too fast’ times. Deliberately slowing down near the end of the cross country course to avoid time penalties may be unacceptable conduct.

5.10 **Elimination**
Elimination from one phase precludes further participation in the competition. In certain, limited, circumstances, the CS may give permission for the combination to continue on an eliminated basis.

5.11 **Dress and Saddlery**
Competitors must comply with the provisions of Chapter 7. The CS may at times, e.g. in extreme weather, allow variation of the dress rules in consultation with the relevant judges.

5.11.2 **The Saddlery Rules** are specific to Eventing and may not always be the same for other disciplines.

5.11.3 **Note:** Horses may be warmed-up with any saddlery which is permitted for any phase of the competition. (See Rule 7.19.8)

5.12 **Competitors’ Times**
Competitors must be prepared to start each phase at their published times. Any Competitor who withdraws during an Event must notify this to the Secretary straight away. (See Rule 4.8)

5.13 **Medical Matters**
All medical matters are set out in detail in Chapter 9. The following matters covered in Chapter 9 are particularly important for Competitors and their support teams:
• 9.1 Medical Cards
• 9.2 Rider Falls and Medical Checks
• 9.3 Medical Suspensions
• 9.4 Prohibited Substances – FEI and WADA Anti-Doping Rules

5.14 Veterinary Matters
All veterinary matters are set out in detail in Chapter 10. The following matters covered in Chapter 10 are particularly important for Competitors and their support teams:
• 10.1 Passports
• 10.2 Vaccinations in National Competitions
• 10.3 Vaccinations in International Competitions
• 10.4 FEI Equine Anti-Doping and Controlled Medication Rules

5.15 Horse Falls
• Dressage. A Horse that has fallen in the Dressage phase must be examined by the Veterinary Officer before taking part in any further phase.
• Warm-up. Any Horse which falls during the warm-up for any phase, whether or not at a practice obstacle, may not continue until passed by the veterinary officer to do so.

5.16 Horse Competition Limitations
A Horse may not compete (incl. HC):
• On consecutive days, whether at the same or different Events;
• In the same class, or any class using substantially the same cross country course, twice at the same Event. (This does not include arena eventing where Horses can compete over two eventing tracks in one day.)

5.17 Competitor Competition Limitations
Competitors may not ride more than five Horse in the cross country phase on any one day. (See Rule 4.2.2)

5.18 Numbers
At some Events numbers will be allocated to each Horse – it is the responsibility of the rider to ensure that the correct number is worn when riding that Horse at all times.

5.19 Lungeing
Lungeing may take place only in areas approved by the Organiser.

5.20 Stallions
Stallions must always be properly restrained. They must never be left tied to a lorry or trailer. They must be led from a bit, with a lead rope of a minimum length of 2.5m to include a chain of not less than 50 cm attached to the bit. When lunged, the lunge line must be attached to the bit. The CS may require removal of the stallion from the site if he considers the risk of an accident to be unacceptable.
5.21 Schooling of Horses
Only the Competitor may school a competing Horse. It may however be hacked, or ridden from one place to another by a suitably capable groom by whom it may also be worked in-hand or on the lunge.

5.22 Non-competing Horses
The Organiser’s permission must be obtained before a non-competing Horse is brought to an Event; such Horse must be owned by a ZANEF member whose prior permission must be obtained by the Competitor.
CHAPTER 6

THE COMPETITION; THE INDIVIDUAL PHASES

6.1 THE DRESSAGE PHASE

At the discretion of the CS, in consultation with the Judge, a Competitor may be eliminated for:

- Unauthorised access to the arena;
- Failure to enter the arena mounted and through the designated entrance;
- Failure to enter the arena within one minute of being called;
- Failure to commence the round within 45 seconds after the bell;
- Ignoring the bell when required to stop during a round.

### 6.2.8 Knock-down & Fall

If there is a knock-down and a fall of a Competitor together with a disobedience; the bell is rung immediately. However, the clock must be stopped only when the Competitor is remounted and only if the obstacle has not been rebuilt in time for the Competitor to continue his test. The Competitor will be penalised for a disobedience and a fall, and six seconds will be added to the time of the Competitor.

If, when jumping a single obstacle or the last part of a combination, there is a knock-down and a fall of a Competitor, the clock must not be stopped and the judge must not ring the bell. The Competitor will be penalised for the fall and the knocking down the obstacle.

If, when jumping any element of a combination except the last, there is a knock-down and a fall, the bell is rung immediately. The clock must be stopped only when the Competitor has remounted and only if the obstacle has not been rebuilt in time for the Competitor to continue his test. The Competitor will be penalised for the fall and knocking down the obstacle.

If, at the second or third element of a combination, the refusal or run-out is the consequence of a fall with or without a knock-down and/or a displacement of obstacle and/or flag, no penalty is incurred for the disobedience. The 6 seconds of time corrections are not added to his time. The Competitor will be penalised only for his fall.

6.3 THE CROSS COUNTRY PHASE

6.3.1 Cross Country Officials
The following Officials will be engaged by the Organiser for each Event;

6.3.1.1 A Course Designer and a Course Builder, who must both be ZANEF Members or officially invited by ZANEF to the Event. They must be on an Approved List (National or International) to design and/or build Eventing courses.

An approved Course Builder, or individual approved by the TD or CS, must be in attendance to undertake fence repairs as required whilst the cross country phase is taking place.

6.3.1.2 A cross country steward whose duties are to support fence judges, time keepers and other officials appointed by the Organiser.

6.3.1.3 A cross country control team, whose tasks will include management of the cross country course during the Event under the supervision of the Chief Steward and TD.

6.3.1.4 A cross country start team, whose tasks will include the starting and timing of Competitors on the cross country course.

6.3.1.5 Cross country fence judges will be appointed for each obstacle on the course. With prior approval of the CS, one judge or one pair of judges may be appointed for more than one obstacle provided that each is visible to them and they are in a position to maintain adequate control.

Fence Judges will all have in their possession and be familiar with the provisions of the Instructions for Fence Judges. They will also have a red flag for emergencies. If, and only if, they do not have a radio, they must also have emergency flags to be used to summon the following assistance;

- Doctor – RED;
- Vet – BLUE;
- Fence repair – WHITE;
- Course blocked – ORANGE.

If any of these flags have to be used they should be waved above the head until acknowledged by Control over the public Address system.

6.3.2 Cross Country Course Inspection and Plans

6.3.2.1 Each cross country course must be available for inspection from 14:00 on the day before the Event. Inspection before this time may only take place with the express permission of the Organiser. Inspection must be on foot. If changes have to be made to a course at any stage after this time, or if any aspect of a course is to be changed between classes, e.g. stringing, the Organiser and ZANEF Eventing officials must ensure that adequate notice is given to competitors.
Where it is not possible for all courses to be available for inspection as required above, for example where and Event is running over several days, the Organiser may vary these arrangements in consultation with the ZANEF Eventing officials.

In such circumstances, the Organiser must ensure that adequate opportunity to inspect is given to the relevant Competitors and that they are aware of the times when a course can be inspected.

6.3.2.2 Within the period of two weeks prior to the cross country phase of an Event, no Competitor, unless riding HC, may practice over the cross country obstacles on the Event course.

6.3.2.3 A plan of each cross country course must be displayed at the start and at the secretary’s office from the time when the course is open for inspection. It must demonstrate the course to be followed, its distance in metres, the optimum time, the ‘too fast time’ and the time limit, and the numbering of the obstacles.

6.3.2.4 Where there is any doubt about the correct interpretation of the rules of judging any element, obstacle or combination of obstacles, it is recommended that the CS or TD should approve the instructions to officials, with a rough sketch of the particular obstacle(s) in question which should also be posted with the Course Plan.

6.3.3 Practice Fences
The Organiser will provide an appropriate number of practice fences per class marked by directional flags which must be observed by all Competitors, must not exceed the dimensions for the class for which they are being used and may only be used for warming up for the cross country phase.

6.3.4 Starting and timing

6.3.4.1 The start box will be approximately 5m square. It will have an open front and must have entry from a gap on one or both sides of about 2m through which Competitors may enter. The gap(s) will be protected to prevent injury. The start box will be marked with a red and white flag at the front.

6.3.4.2 Competitors must comply with the direction to start given by the Starter.

6.3.4.3 The Competitor or a Horse which is ridden through the gap in the start box at a canter, or faster, may be penalised for dangerous riding.

6.3.4.4 The Starter will count down from five before the start signal.

6.3.4.5 Times is counted from the moment the start signal is given or when the nose of the Horse crosses the start line; whichever is the earlier, until the Horse’s
nose passes the finish. Thus, an early start will not advantage the Competitor.

6.3.4.6 If the Competitor has not crossed the start line after 1 minute from being given the signal to start, he may be eliminated. However, if the Competitor is having difficulty and the Starter considers that extra time may be beneficial to the Competitor, he may abort and restart the countdown.

Assistance within the start box is permitted up to the start signal being given. Thereafter any such assistance may be unauthorised.

6.3.4.7 If a Competitor is stopped and held on the course by an Official, the time during which he is held will be deducted from the recorded time. (See also Rule 6.3.9.15)

6.3.4.8 Time is counted in “commenced” seconds. In other words, all fractions are always rounded up.

6.3.4.9 Timing Error
In the event of timing error or lack of information, the CS is allowed to make an accurate estimate of a Competitor’s time, using official time taken round the course and any other relevant information.
6.3.5  The Course – Distances, Speeds, Jumping Efforts and Dimensions

6.3.6  Measurement Method

6.3.6.1  The height of an obstacle is measured from the point from which the average Horse would normally take off.

6.3.6.2  The table above gives the maximum permitted dimensions of obstacles for each class, but this does not mean that obstacles must always be of uniform height or spread throughout their length, or that these dimensions may never be exceeded anywhere between the red and white flags marking the extent of
an obstacle. It is sufficient if all parts of an obstacle, where the average Horse and Competitor could reasonably and conveniently be expected to jump and does not exceed the maximum permitted dimensions.

6.3.6.3 The spread of an obstacle (e.g. oxer or ditch) is measured from the outside of the rails or other material making up the obstacle. The spread of a closed obstacle with a solid top (e.g. table) is measured from the highest point to the highest point.

6.3.6.4 Specific Types of Fences
- **Drop Fences.** The depth of drop is measured from the highest point of the obstacle, including from the top of the brush to where the average Horse would normally land.
- **Water.** Where a Horse is required to jump an obstacle into or out of water, or where there is an obstacle in water, the depth of water is measured from firm ground where the Horse would normally take off or land. Elsewhere the water should not greatly exceed the maximum depth. In order to discourage a Horse from attempting to jump over it, any water crossing ought to be as long as possible and in any case must not be less than 6m from the point of entry to the point of exit.
- **Keyhole fences**
  - There must not be less than 25cm brush above the solid part of the fence and at least 50cm brush below the solid part above the obstacle.
  - The minimum width within the hole must be 1.60m;
  - The minimum height within the hole must be 1.80m;
  - The spread, if any, must be not more than 50% of the maximum for the relevant class.
- **Overhead Obstructions.** Any roof or other fixed and solid barrier over an obstacle must be not less than 3.36m above the ground level.
- **Hedge and Brush fences.** The overall height of a natural hedge or brush fence may not exceed the maximum height by more than 20cm; however, the “brush” or “hedge” above the “normal” maximum height must be brushable through and must not be likely to injure the Horse. (A conventional birch steeplechase type fence does normally meet these criteria; provided the top has only thin branches). There is no limit to the overall height of a bullfinch, provided that the average Horse can reasonably be expected to pass through, and the fixed and solid part is clearly defined.
- **Obstacles with spread only** (e.g. dry ditch, water jump). A guard rail or hedge not exceeding 50cm which only facilitates jumping is permitted in front, but must be included in the measurement of the spread.
- **Portable fences.** All reasonable steps must be taken to ensure that portable fences are secured in a way that will minimise the risk of them moving if hit by a Horse.

6.3.7 The Course – Obstacles, Definition, Flagging and Numbering/Lettering
6.3.7.1 **An obstacle** is considered as such if and only if, its extremities are marked with red and white flag or flags and it is numbered and/or lettered accordingly. All significant jumping efforts that the average Horse may be expected to attempt to negotiate must be defined as an obstacle or element and flagged, numbered and/or lettered accordingly.

6.3.7.2 The start and finish must be flagged.

6.3.7.3 All flags and numbers must be in position by the time that the course is open for inspection by Competitors.

6.3.7.4 Numbers on obstacles will be colour indicated according to their Class:

- 120 CM – BLUE
- 110 cm – GREEN
- 105CM – YELLOW
- 100CM – PINK
- 90CM – ORANGE
- 80CM - PURPLE

Any obstacle to be jumped by more than one Class will be separately and clearly numbered and lettered.

6.3.7.5 Where immediately **adjacent obstacles** are **not to be jumped** in the current Class, they must be marked with crossed flags or a suitability positioned single flag.

6.3.7.6 **Obstacles with options or alternatives.** Where an obstacle may be jumped in one effort, but has options involving two or more efforts, each of these options must be lettered as an element.

6.3.7.7 Alternative obstacles or elements may be flagged separately and must be identified by the same number/letter as on the direct route. In this case both sets of flags must be marked with a black line on both sides.

6.3.7.8 **Safety Flags**

The types of fence required to use safety flags include corners; fences of less than 3 metres jumpable width; related fences which because of their design offer a jumpable line of less than 3 metres width; fences jumped on an angle where knocking a flag is a possibility.

The flags and poles on these fences must meet the following criteria and must be approved by the Zambia Eventing Team officials.

- The flag poles must be made of a material that cannot shatter, break or splinter, such as suitable plastic or carbon fibre or any other appropriate materials;
• There must be no points anywhere on the flag poles and any sharp corners and/or edges on the flags must be rounded;
• There must be no ‘open ends’ of any part of the flag poles which may come into contact with Horse or Competitor;
• Flags must be secured in such a way that they ‘break away’ and/or move away from the fence if/when struck by either Horse or Competitor in such a way that the chance of Horse and/or Competitor being injured is significantly reduced.

6.3.8 Alteration of Course
If, in the opinion of the CS, any part of the course has become unsafe or unfair to Competitors due to deterioration of the going or other circumstances, he may direct that one or more obstacles be omitted from the course or that their severity be reduced.

All relevant officials and all Competitors must be informed appropriately.

The CS will make an adjustment to the optimum time based on his estimate of the effect which the adjustment will have had. All jumping faults previously incurred at a removed fence in current sections will be cancelled; time penalties incurred by refusal, run-out and the like stand. Elimination and retirement at that obstacle remain unaffected.

An obstacle which has been so removed may not be reinstated.

6.3.9 Riding the course

6.3.9.1 Red and white flags whether at obstacles or at any other point on the course must be passed mounted and in the correct direction (red on right, white on left). Any failure to comply with this provision is an error of course and penalised accordingly;

6.3.9.2 Obstacles must be jumped in their numbered, or lettered, order;

6.3.9.3 Except in the case of re-taking an obstacle with a number of elements, following refusal or run-out, no obstacle may be jumped more than once;

6.3.9.4 Penalties will be imposed for refusal, run-out, circling or fall only when the judge decides that any such was connected with the passage or attempted passage of the numbered and lettered obstacle for the Class in question. See Annex 4 for examples of refusals, run-outs and circles.

In the case of a black flag alternatives only one obstacle/element has to be jumped and an Athlete is permitted to change without penalty form one black flagged line to another (e.g. jumping 6a left hand route then 6b right hand route) provided he has not presented his Horse at the next element of the original line.
In the case of black flag alternatives, the faults at obstacles (refusal, run-out and circle) will only be penalised if related to the obstacle/elements attempted or negotiated (elements not attempted or negotiated will be irrelevant for the judging of such alternatives).

6.3.9.5 Refusal. A Horse refuses an obstacle in excess of 30cms in height if it stops in front of the obstacle or the element to be jumped; if the Competitor redoubles his efforts without effect, or the Horse is re-presented at the obstacle, after stepping back or steps back again, that is a second refusal and so on;

At obstacles 30cms in height or less, a Horse refuses if it stops in front of the obstacle or element to be jumped. A stop followed immediately by a jump from standstill is not, at this type of obstacle, a refusal, but if sustained or prolonged, that is a refusal. A step backwards is a refusal, whereas as sideways step not;

6.3.9.6 Run-out.
A Horse is considered to have runout if, having been presented at an element or obstacle, it avoids it in such a way that the head, neck and both shoulders of the Horse fail to pass between the extremities or the element or obstacle as flagged.

A Competitor is permitted to change his mind as to where he jumps an obstacle or element at any time, without penalty, including as a result of a mistake at a previous element or obstacle. If, however, the Horse avoids part of the obstacle at which it has been presented, it will be considered to have run out.

6.3.9.7 Circle.
6.3.9.7.1 At separately numbered obstacles, a Competitor may circle between or around them without penalty provided he has not presented his Horse at the second or subsequent obstacles.

6.3.9.7.2 At an obstacle composed of several elements (A, B, C, etc.), a Horse will be penalised if it passes around the back of the subsequent element or circles between subsequent elements.

6.3.9.7.3 After being penalised for refusal, run-out or circle, a Competitor in order to make another attempt, is permitted to circle one or more times without penalty, until he again presents his Horse at the obstacle.

6.3.9.8 Obstacles with options or alternatives.
- Where an obstacle may be jumped in one effort but has options involving two or more efforts, each option will be lettered as an element. (See Rule 6.3.7.6)
- Alternative obstacles or elements which are flagged separately will be identified by the same number/letter as on the direct route. In this case
both sets of flags will be marked with a black line (see Rule 6.3.7.7). Such “black flag” alternatives are to be judged as separate obstacles or elements, only one of which has to be jumped. A Competitor is permitted to change without penalty from one black flagged line to another (e.g. jumping 6a left hand route then 6b right hand route) provided he has not presented his Horse at the next element of the original line.

6.3.9.9 Combination obstacles.
- After more than two penalised attempts to jump an obstacle a Competitor will be eliminated;
- A Horse may be re-presented at any element which he has already jumped if he has refused at a later element, but the penalty stands;
- For the purpose of retaking any element a Competitor may pass through the flags in the wrong direction;
- Any fall within a lettered combination will be penalised.

6.3.9.10 Bounce obstacles – A Horse is deemed to have been presented at the second element of a bounce obstacle (less than 5m between elements) when it has cleared the first without incurring any penalty. This rule applies whether the bounce element is the first or second in a combination.

6.3.9.11 Falls
- A Competitor is considered to have fallen when he is separated from his Horse in such a way as to necessitate re-mounting or vaulting into the saddle.
- A Horse is deemed to have fallen when both his shoulder and its quarters have touched either the ground, or the obstacle and the ground, simultaneously.

6.3.9.12 Trapped Horse. A Horse is trapped when it cannot proceed without assistance or is at risk of injury. If a Horse becomes trapped while negotiating an obstacle, Officials will determine what is required to extricate it. The Competitor of such a Horse must dismount as soon as possible and obey the instructions of Officials. The Competitors will be eliminated.

6.3.9.13 Dismounting. This is not separately penalised, except while the Competitor is in the process of negotiating or attempting to negotiate a flagged obstacle.

6.3.9.14 Overtaking.
- Any Competitor who is about to be overtaken must clear the way as soon as possible;
- When a Competitor is about to be overtaken at or approaching an obstacle, he must obey the instructions of officials;
- Any Competitor wanting to overtake another must only do so at a safe and suitable place and, if at an obstacle, may only jump it in such a way as will cause neither inconvenience nor danger to the other.
6.3.9.15 **Stopping a Competitor.** If for any reason it becomes necessary for a Competitor to be stopped on the course, cross country control will give instructions to the relevant fence judges. If possible Competitors will be stopped at Stopping Points, but this may not always be possible and they must be prepared to stop as and when instructed.

- The Competitor will be stopped by Officials waving a red flag at shoulder height. The signal should be assisted by the clearly shouted command ‘STOP’.
- A Competitor, who has been stopped by an official on the course, will have his time noted as he passes the stopping point and again at the same point on being re-started; the difference ‘the held time’ being deducted from this recorded time. (See Rule 6.3.4.7)

6.3.9.16 **Elimination or Retirement** – Any Competitor who has been eliminated or has retired must leave the course at once and may not continue. He must leave the course at a walk, either mounted or dismounted.

6.3.10 **Penalties** – are set out as below:

CHAPTER 7

COMPETITORS’ DRESS; SADDLERY EQUIPMENT

7.1 COMPETITORS’ DRESS RULES
Competitors are required to comply with the dress rules set out in this chapter. All safety equipment must be used in its original, unaltered state.

7.2.1 ‘Riding Hat’ is a hat that is designed to provide protection for rider.

7.2.2 ‘Protective Headwear’ is a hat that meets the Standards set out below. The labelling must be checked for compliance by an official and the hat then appropriately tagged with a visible current ZANEF ‘hat tag’.

7.2.3 ‘Cross Country Protective Headwear’ is a “Jockey Skull” of an even round or elliptical shape with a smooth or slightly abrasive surface, having no peak, peak type extensions or noticeable protuberances above the eyes or to the front. It must also comply with the ‘Protective Headwear’ criteria and be
tagged as set out above. A removable cover with a light flexible peak may be used.

7.2.4 Hat Safety

- Headwear of the appropriate standard must be worn by everyone, whether or not a Competitor, whenever mounted anywhere at a Zambia Eventing Event.
- Harnesses must always be correctly fastened.
- Competitors are strongly recommended to check their headwear regularly and to replace it if damaged, or following a fall.

7.3 Body Protector. A British Equestrian Trade Association (BETA) approved and appropriately labelled “Level 3 body protector”, with the year 2000 or 2009 shown on the label manufactured in the year 2000 or after, is mandatory for Cross Country and whenever else a body protector is worn.

Competitors are strongly recommended to check their body protectors on a regular basis and to replace them if damaged.

It is strongly advised that the body protector should impede neither flexibility nor balance. The up to date BETA list of body protectors may be obtained from BETA – see www.beta-uk.org.

7.4 Inflatable/Air Jackets: If a Competitor chooses to wear an airbag style body protector, it must be worn over a permitted body protector for the cross country phase. Inflatable/air jackets may be worn for the show jumping and dressage phases without a body protector.

7.5 Spurs are optional at all levels. Spurs must be of smooth metal, blunt and incapable of wounding a Horse. ‘Dummy spurs’ with no shank are allowed but if there is a shank it must not be more than 4cm long, must point only towards the rear and, if curved, the shank must point downwards. The overall shank must be measured from the boot to the end of the spur. Metal spurs with round plastic, metal or rubber knobs, ‘Impulse spurs’, are allowed. **Rowel spurs are permitted only for the Dressage Test, including the warm up, but not at all in Young Horse Classes.** (In FEI classes Rowel Spurs are allowed in all three phases *FEI Eventing Rules 538.1.3* expect Pony Classes where Rowels are not allowed.) Rowels must be fitted vertically, must be free to rotate and must be round and smooth. Tines are not allowed. “Spursuader” style spurs are not permitted.

7.6 Whips. No whip of any kind may be carried whilst competing in the dressage test. One whip only, no longer than 120cm including the lash, may be carried when riding on the flat at any other time. One whip only, no longer than 75cm and not weighted, may be carried when jumping any obstacle.
7.7 **Stocks.** Stocks should be tied properly. Stocks or bibs worn with vest shirts are not permitted.

7.8 **Jewellery.** Jewellery worn anywhere on the body can increase the risk of injury. Competitors are strongly recommended to remove all jewellery, especially before the jumping phases.

7.9 **Hair.** Long hair should be secured appropriately.

7.10 **Show Jump Course Walks.** Competitors are not required to wear correct riding clothes when inspecting the course, unless specifically requested to do so by the Organiser.

7.11 **Dress at Prize-givings.** Prize-givings are important to Organisers and Sponsors and Competitors are requested to be neatly and tidily dressed.

7.12 **International Classes.** All references in these Rules to dress in International classes can only be guidance since current FEI Rules prevail in those classes. See [www.fei.org](http://www.fei.org) for up to date dress rules.

7.13 **DRESSAGE PHASE**

Only members of an officially selected team and nominated individuals are entitled to wear the Zambia Flag Badge on their jackets. The entitlement to wear this badge is permanent.

### 7.19 Saddlery and Tack

**7.19.1**
A steward may be appointed to examine the saddlery of each Horse before it enters an arena or starts its test. If the examination takes place before the Dressage test, great care must be exercised; at the Competitor’s request, the examination may be carried out after the test and if it be found that the bit or bridle is non-compliant, the Competitor will be eliminated. The Competitor remains personally responsible throughout for complying with the above Rules.

**7.19.2**
The following table defines the saddlery that is permitted, not permitted or compulsory at each relevant stage of National Events.

CHAPTER 8

SCORING; OBJECTIONS AND ENQUIRIES;
PRIZES; POINTS AND GRADING

8.1 Scoring
The competition is scored on a penalties basis and the following principles apply;

8.1.1 The dressage judge will allow from 0-10 marks (good marks) for each numbered movement as specified in the test. Half marks from 0.5 to 9.5 may be used. These marks are then added together and error marks deducted. The percentage of these good marks are compared with the total obtainable is then calculated to two decimal places and converted to penalty marks by subtraction from 100, rounded to one decimal point. Where two or more judges have marked a test, their percentage marks are averaged to two decimal places; this percentage is converted to penalty marks in the same way.

8.1.2 Penalties incurred in the show jumping and cross country phases are added to the dressage penalty mark.

8.1.3 Penalties awarded by the Chief Steward, e.g. under Chapter 3 are then added.

8.1.4 The Competitor with the lowest number of penalties is the winner, the next lowest is second, and so on.

8.1.5 Equality of Marks – If the total score of two or more Horses is the same, the following factors will be used to determine the result between them;

8.1.5.1 The best cross country score – that is with the least aggregate time or jumping penalties.

8.1.5.2 If there is still equality; the cross country time which is closest to the optimum time.

8.1.5.3 If the system of measurement permits, this may be determined by 0.1 or 0.01 seconds.

8.1.5.4 If there is still equality; the best Dressage score.

8.1.5.5 If equality yet persists, the result will be a tie (with the points being awarded as normal and the prize money being aggregated and divided by the number of Horses in the tie).

8.2 Enquiries and Objections
8.2.1 Enquiries
- Official scores will be displayed on the scoreboard once they are confirmed by the Official Scorer.
- Scores may be announced by the show jumping and cross country commentators from time to time; these are provisional until confirmed by the Official Scorer.
- Enquiries about any aspect of a Competitor’s score should be made as soon as possible to the Event Secretary, who will initiate investigations by the relevant ZANEF Official.
- The results of each section will be posted on the scoreboard as soon as possible after the end of the section.

8.2.2 Objections
- Objections to any aspect of a Competitor’s score may only be made by that Competitor or the Owner of the Horse, must be made promptly and in writing, and be accompanied by a K100 deposit. Such Objections must be made within 30 minutes of the posting of the results of the section: this time may be shortened at the discretion of the CS.
- Any Objections to the result of a Section, or any other matter, must be notified as soon as possible to the OC either directly or via the Event Secretary. It must be made in writing and accompanied by a K100 deposit. The Chief Steward will take such action as he considers appropriate at the time to determine the merits of the Objection if that is possible. If not the Steward will refer the matter to the official ZANEF Executive Committee Representative at the event who will decide how the matter should be resolved.

8.2.3 Determination
- All Objections will be considered by the CS.
- The Steward’s decision relating to any aspect of a Competitor’s score is final and there is no appeal.
- If the Objection is upheld, or the Steward is of the opinion that there were reasonable grounds for making it, the deposit will be returned; otherwise, it will be forfeited.

8.2.4 If the Steward determines an Objection other than the one relating to any aspect of a Competitor’s score, an appeal may be made to the ZANEF Executive Committee. Any Objections raised after the Event (which may not include Objections to any aspect of a Competitor’s score and which have therefore been finally determined by the Steward) must be notified in writing to the ZANEF Executive Committee as soon as reasonably possible. In both cases the ZANEF Executive Committee will decide in the light of the facts how best the appeal or Objection should be resolved. If appropriate, he will invoke the ZANEF complaints procedure, full details of which are set out in the ZANEF General Rules and Regulations.

8.3 Prizes
8.3.1 **Scale.** The percentage and scale of prize money awarded is according to the FEI Rules for prize money.

8.3.2 When awarded, prize money is mandatory for the first three placed Competitors. Prizes to Competitors placed above this must be based at least on one prize per every 4 starters in the dressage test, excluding HC Competitors. If Organisers choose to award prize money to lower placed Competitors, it must be equal to that awarded to the 6th place.

8.3.3 **Prizes in kind,** instead of money, may be awarded in all National Classes.

8.3.5 **Special Prizes**

8.3.5.1 A prize for the best Cross Country performance must be based on the least penalties in jumping and/or time.

8.3.5.2 A prize may be awarded to the highest placed Competitor with the lowest score in any of the sections of the Class. Such prize must not exceed one half of the value of the first prize in money unless permission is obtained from the ZANEF Executive Committee.

8.4 **Prize Giving.** All prizes must be received in person by the Competitor or owner of the placed Horses. Exceptionally, at the prior request of the Competitor, the Organiser may permit a deputy to receive the prize. Prizes not collected in accordance with this Rule may be forfeited at the discretion of the CS and Organiser.

8.5 **Grading**

8.5.1 Horses are graded as follows according to the number of points awarded in all affiliated One, Two and Three Day Events of 110cm and above.

Grade 1 – 61 or more grading points
Grade 2 – from 21 to 60 grading points
Grade 3 – from 1 to 20 grading points
Grade 4 – nil.

8.6 **ZANEF Eventing Grading Points**

ZANEF Eventing Grading Points are awarded to Horses in 100cm classes above. The number of places to which Grading Points are awarded is determined by the number of eligible starters in the dressage phase of the class. Double clear Grading Points are awarded to unplaced Horses which complete incurring no show jumping penalties (jumping or time) and no cross country jumping penalties. The following tables set out the number of Grading Points awarded.

8.6.1 **ZANEF Eventing Grading Points: 1 in 3 Starters**

8.7 **ZANEF Eventing Foundation Points.** Foundation Points are awarded in all classes at 90cm, 100cm and 105cm. They are not awarded at 80cm level. The number of Foundation Points will be determined by the number of starters in the Dressage Phase. Double clear round points are awarded to unplaced Horses which complete incurring no show jumping penalties (jumping or time) and no cross country jumping penalties. Foundation points are notional and do not count towards upgrading.
CHAPTER 9

MEDICAL, INCLUDING MEDICAL CARDS, FALLS AND MEDICAL CHECKS, PROHIBITED SUBSTANCES, MEDICAL TEAM AND EQUIPMENT.

9.1 Medical Insurance & Medical Cards
- Competitors must have medical insurance that will cover them if an accident should happen when Eventing, particularly for the cross country phase. A copy of the medical insurance id card must be carried on the competitor and details filled in on the event indemnity form.
- Up to date Medical cards must be carried on the Competitor during the cross country phase. Any fall the Competitor has had (including falls at home) must be recorded on the Medical Card.
- Medical Cards are available from ZANEF on request.
- When signing a suspended Competitor fit to return to competition the Doctor should be requested to sign the Medical Card to that effect.

9.2 Rider Falls and Medical Checks
- A Competitor who falls from a Horse during any phase of an Event should neither leave the Event site nor take any part in any further phase, whether on the Horse or on any other, until he has been examined by an Event doctor. It is the responsibility of the Competitor to ensure compliance with these rules.
- A Competitor who falls from a Horse during the show jumping or cross country phases must comply with the directions of any official.
- If the Competitor falls in the dressage when no doctor is present, the CS may, after consultation with the ambulance personnel, give permission for the Competitor to ride further dressage tests.

9.3 Medical Suspensions.

9.3.1 Event Suspensions. If the Event Doctor considers that a Competitor should be medically suspended, he may impose a suspension for a specified or an unspecified duration. In the case of a head injury, or other injury likely to cause concussion, the following applies:
- **Concussion** – mandatory 21 day suspension;
- **Suspected concussion** – the competitor must be re-examined after 2 hours. If concussion is confirmed or still suspected, mandatory 21 day suspension. If the Competitor is not examined for any reason, mandatory 21 day suspension.
  The day of injury counts as the first day of the suspension period.

9.3.2 Hospitalised Competitors. If a Competitor is taken to hospital from an Event, or advised to attend hospital for assessment or treatment:
- A minimum 21 day mandatory suspension shall automatically apply in respect of concussion or other head injury.
• In the case of other injuries, the Competitor is suspended and may not compete until he has obtained written confirmation that he is fit to compete in Events from a Registered Medical Practitioner with a Licence to Practice and the contents have been communicated to ZANEF Executive Committee.

9.3.3 Suspended Competitors. A Competitor who is suspended, whether by the Event Doctor or as a result of the above mandatory suspension, may not compete or ride any horse, in any capacity, at any National or International competition until the period of suspension, whether or not stated to be minimum, has elapsed and the Competitor has supplied to ZANEF written confirmation from a Registered Medical Practitioner with a Licence to Practice that he is fit to compete in Events.

However, notwithstanding the above, and subject in all respects to the approval of a ZANEF appointed medical doctor, a Competitor suspended for actual or suspected concussion, may be allowed to resume competition;
• After 10 days, provided he supplies to ZANEF written confirmation by a registered physician/surgeon who has experience in the assessment and management of sports concussion, stating that he is fit to compete.
• After 7 days, provided he has an approved baseline (prior to injury) testing and supplies to ZANEF written confirmation from an approved specialist that he is completely symptom free.

9.3.4 For the avoidance of doubt, Competitors who are medically suspended from competition or who have been hospitalised from an Event for any reason, may not resume competition until written confirmation or fitness to compete has been supplied to ZANEF.

Scanned documents may be emailed to zambia.nf@gmail.com for attention of the Eventing Sub Committee.

9.3.5 Medical Reports. The Event Doctor will complete a confidential Medical Report form (MOR) for every injured person examined, or, if uninjured, make an entry on the Uninjured Fallers Record (UFR) sheet and the TD will forward these reports to the ZANEF Secretary without delay. For queries concerning suspensions, medical cover or other aspects or ZANEF Medical rules, please contact the ZANEF Secretary.

9.4 Prohibited Substances for Human Athletes.

9.4.1 The attention of members is drawn to the provisions of the WADA (World Anti-Doping Agency) Code and the WADA list of prohibited substances, and the necessity to comply with the Code. The Prohibited List can be viewed at www.wasa-ama.org. Members should note that the list is updated annually on 1st January, but that substances can be added to the list during the year. Competitors should check the status of any medication they wish to use on
**Medical Team**

**9.5.1 The Event Doctor**, appointed by the Organiser, must have a licence to Practice and have appropriate medical indemnity. It is recommended that the doctor has been trained in pre-hospital emergency care.

**9.5.2 The Paramedics** engaged by the Organiser must be from a registered emergency care facility.

**9.5.3 Ambulance personnel** engaged by the Organiser must be currently qualified and trained.

**9.6 Medical attendance during the Event.**

**9.6.1 Dressage.** A doctor, or suitably qualified ambulance technician, with portable resuscitation equipment and oxygen must be present and must be in radio communication with at least the secretary’s office or cross country control throughout this phase.

**9.6.2 Show Jumping.** A doctor and an appropriately manned ambulance, equipped as above, must be present at the Event throughout this phase.

**9.6.3 Cross Country** (including roads and tracks and steeplechase). A doctor and an enhanced ambulance appropriately manned at all times by at least one paramedic must be present, and in contact with cross country control, on both the cross country and steeplechase courses throughout the phase. An emergency response vehicle may be substituted for the ambulances as long as there is another properly equipped ambulance and crew present on site.

**9.6.4** If any Doctor or ambulance has to leave the site the competition may only continue provided that the CS, in consultation with the Doctor, is satisfied that the remaining medical cover is sufficient.

**9.6.5 End of Event Medical Cover.** The Event Doctor or a suitably qualified ambulance technician, with portable resuscitation equipment and oxygen must remain in place for thirty minutes after the last Horse has completed and must be stood down by the CS.

**9.6.6 The Doctor’s Vehicle,** which must be clearly marked as such, and an ambulance must be able to reach all areas where the competition is taking
place, including the stable and Horse box areas. Exceptionally, if there is an area on the cross country course which is accessible to the ambulance, the CS may allow the competition to continue provided there is available a suitable fast response vehicle capable of reaching all areas.

9.7 Medical Equipment

9.7.1 An ambulance is a designated vehicle, appropriately marked and identifiable and conforming to current regulations, for the transportation of injured or seriously ill patients on the public highway. If must contain necessary resuscitation, immobilisation and transportation equipment.

9.7.2 An Enhanced Ambulance is a 4WD designated vehicle, appropriately marked and identifiable and conforming to current regulations, for the recovery and transportation of injured or seriously ill patients. This ambulance must be capable of transporting a Competitor from the scene of the accident immediately to an appropriate hospital if deemed necessary. It must contain the following (except where indicated as optional):

CHAPTER 10

VETERINARY, INCLUDING VACCINATIONS AND PASSPORTS, EQUINE ANTI DOPING AND CONTROLLED MEDICATION, VETERINARY TEAM AND EQUIPMENT

10.1 Passports
A valid passport and vaccination record must be registered with ZANEF when registering the Horse.

10.2 Vaccinations – National Competitions

10.2.1 No Horse may take part in a ZANEF event unless they are vaccinated against African Horse Sickness, Rabies and Tetanus.

10.2.2 The Record of Vaccination(s) in the Horse’s passport must be completed by the appropriate veterinary surgeon in which the record of injection(s) is completed, signed and stamped.

10.3 Vaccinations – International Competitions. All Horses intending to participate in FEI competitions must have at least received an initial primary course of two vaccinations, given between 21 and 92 days apart. A first booster injection must be given within 7 months after the date of administration of the second primary dose, with at least annual boosters given subsequently (i.e. within one year of the last dose). No vaccination must have been administered within the previous seven days before the commencement of competition or entry to FEI stables.

Members are therefore advised to check their Horses’ vaccination dates carefully before applying for FEI passports and entering FEI Events. If the Horse is scheduled to take part in an FEI competition, the last booster must have been given within 6 months and 21 days of arrival at the FEI Event. (The 21-day window has been provided to enable vaccination requirements to fit in with the competition schedule.)

10.4 Horses; Soundness; Infection; Tubing; De-Sensitising

10.4.1 All Horses must be sound.

10.4.2 All Horses must be free from clinical signs of contagions or infectious disease.

10.4.3 A Horse is not eligible to compete when:
• It has an open tracheotomy (tubed);
• A limb, or part of a limb, is hyposensitive or hypersensitive (both of which shall constitute “abnormal limb sensitivity”). Hypersensitive limbs have an excessive or abnormal reaction to palpation. Hyposensitive limbs
include any alteration in sensitivity induced by neurectomy or chemical desensitization for as long as the alteration in sensitivity persists.
• Kinesion-taping or patches are used in any way.

10.5  Veterinary Team.

10.5.1 The Veterinary Officer appointed by the Organiser must:
• Have been qualified for at least two years with broad experience of equine practice.
• Have at least two years full time clinical involvement which includes a significant amount of regular treatment of Horses.

10.5.2 If a second Veterinary Surgeon be in attendance he should;
• Have been qualified for at least one year with a broad experience of equine practice
• Have at least one year’s clinical involvement which includes a significant amount of regular treatment of Horses.

10.5.3 The more senior Veterinary Surgeon bust be in overall charge of veterinary treatment and ensure that he is there to give immediate back-up to the more junior colleague in difficult or challenging situations.

10.5.4 Destruction of Severely Injured Horses
If in the opinion of the Veterinary Surgeon, a Horse is so severely injured that on humane grounds it should be destroyed, the owner or his representative should be invited to give his consent to its destruction. If neither the Rider nor the Owner is available to give consent, the CS, acting on the advice of the Veterinary Surgeon, may order its destruction. The Veterinary Surgeon has absolute discretion as the method employed.

10.6  Veterinary Attendance.
• The Veterinary Officer must be present throughout an Event from no later than 30 minutes before the start of the first show jumping phase.
• The Chief Steward may permit an Event to hold ‘day before’ dressage without veterinary attendance if he is satisfied that suitable veterinary support is immediately available on call.
• The senior Veterinary Officer must remain at the Event until 30 minutes after the last Horse has completed and must be stood down by the CS.

10.7  Horse Ambulance and Equipment.
The Organiser must provide a dedicated Horse Ambulance and equipment as follows:
• Low trailer with 4 preferably wide tyres to ensure ease of travel across soft ground conditions and must be roadworthy.
• Shallow ramps back and front to enable easy loading and ability to walk a casualty forward without having to back it out of a trailer. (Note: an oblique angled front ramp is perfectly acceptable.) Ramps and trailer
floor surface should be non-slip and rubber surfaced to ensure a Horse with studs can be safely loaded and transported.

- Two easily moveable partitions.
- Slings and drag mat are optional due to the extreme rarity of their use in competition casualty management.
- Roof of min height of 2.2m (7ft) and preferably 2.4m (8ft) high and 7.5m (24ft) long. These can either be made of tarpaulin-like material or hessian material which is more manageable in windy conditions due to it being partially permeable. They should be detachable from the ambulance to be sufficiently versatile to adapt to individual casualty condition and position.
- An electric winch capable of pulling 1 tonne into the ambulance within 2 minutes.
- Should be adequately maintained and should be inspected by the CS before the start of the competition.
- Towing vehicle should have 4-wheel drive and be capable of operating anywhere on the Event site as well as for road use to transport injured Horse to designated referral vet center.
- The towing vehicle and ambulance should be attended by an experienced operator/driver who is familiar with the layout and access to the Event site, familiar with the operation of ambulance and towing vehicle, holds a current appropriate Zambian/International drivers license, capable of maneuvering the towing vehicle and ambulance, and is an experienced Horse handler capable of assisting the vet at the scene of an injured Horse.
- Screens referred to in point g. above must be deployed when dealing with any injured Horse at the discretion of the attending Vet.
- If the Horse ambulance has to leave the Event site to remove a seriously injured casualty to the nearest available vet clinic, it should be remembered by Event organisers that a suitable back-up means of transporting an injured Horse should be available. If this is not available, then the CS may have to consider stopping the competition until the Horse ambulance is back on site.
CHAPTER 11

ORGANISATION AND ADMINISTRATION; RIGHTS AND POLICIES

11.1 Programme. Organisers must publish a programme for the Event which includes the following information:

- The fact that the Event is held under the auspices and Rules of ZANEF and The Zambia Eventing Rules;
- Timetable of classes, sections and tests;
- List of entries with optional pro forma score sheet (in the same form as the public score board) at the time of going to press. It is strongly recommended that details of the Horse’s age, height, colour, sex, sire, dam sire and all Owners’ names are included;
- List of all Officials;
- Plan of the cross country course, which may be in simplified form;
- Statement of Health and Safety policy at the Event; and
- Statement of liability in the following terms:
  “Except for the negligence of the Organiser and his agents or others for whom in law they are responsible, the Organiser does not accept responsibility in respect of any accident, illness or disease caused to or suffered by any Horse, owner, Competitor, spectator, sponsor and others present at the site of the Event and their property and accoutrements.”

11.2 Health and Safety.

11.2.1 The following statement will be included in the Event Programme and displayed at the Secretary’s Office at the Event:

“*The Organiser of this Event has taken reasonable precautions to ensure the health and safety of everyone present. For those measures to be effective, everyone must themselves take all reasonable precautions to prevent accidents and must comply with any instructions given by the Organiser, Officials and Stewards.*”

11.2.2 ZANEF is responsible for devising the Health and Safety strategy for Eventing and for ensuring that such is carried out both at Events and at training sessions carried out under its auspices. The document in which this strategy is deployed is available for inspection through ZANEF. The Event Organiser is responsible for health and safety at the Event as well for himself as the Event Committee. He and they will ensure that the Event reflects this strategy.

11.3 Disability. Riders with a disability that has been classified by the FEI may apply for dispensation for the use of compensating aids. The application will be considered by ZANEF Executive Committee.

11.4 Media Rights. The ownership of all data generated by an Event (which without limitation shall include all information contained in an Event’s
programme and all the scores and results arising from the competition) together with all media rights (including without limit broadcast rights for television, radio, film, video, digital and broadcast via mobile communication devices and the internet) (together “media rights”) which are connected to any Zambia Eventing Affiliated One-Day Event, Two-Day Event or Three-Day Event, is expressly reserved by ZANEF. No party including any Organiser, owner or Competitor may enter into any arrangement or agreement for the exploitation or use of any such data or media rights without the prior written consent of ZANEF.

11.5 Data Protection.

11.5.1 Any information provided in connection with membership applications will be used to process membership and will be disclosed to affiliated Event Organisers, their employees and employees of ZANEF, in order to process competition records. This data will also be disclosed to a number of third party Event Organisers. Competition records will be displayed on the ZANEF website and may be displayed on the Event Organiser’s website, and any site owned by the provider of an online entries system.

11.5.2 Should a Member receive an injury as the direct result of an accident occurring whilst participating in any Event organised by an affiliated Event Organiser, any medical reports relating to the Member’s condition will be passed to ZANEF.

11.6 Safeguarding Equestrian Sport

11.6.1 Policy statement. ZANEF fully accepts its legal and moral obligation to provide a duty of care, to protect children (and vulnerable adults) and safeguard their welfare, irrespective of age, any disability they have, gender, racial origin, religious belief and sexual orientation. A child/young person is defined under the age of 18.

ZANEF, fully adopts the Zambia Child Protection & Duty of Care Policy.

Guidance for Children in Equestrianism.

11.6.2 Policy Aims. The aim of the ZANEF Safeguarding Policy is to promote good practice:

- Providing children and young people with appropriate safety and protection whilst at ZANEF affiliated Events;
- Allow all staff, officials, Competitors and volunteers to make informed and confident responses to specific child protection issues.

11.6.3 Safeguarding Code of Conduct. To ensure that all forms of abuse are prevented and to help protect people who work with children and young Competitors, the following guidelines must be followed by all staff, officials,
Competitors and volunteers:

- Always work in an open environment (e.g. avoid situations where you and an individual child are completely unobserved);
- Respect the rights, dignity and worth of all Competitors and treat everyone with equality;
- Ensure the welfare of each child in the context of winning or achieving goals;
- Adults always promote the positive aspects of equestrianism and never condone rule violations or the use of prohibited substances;
- Ensure that if any form of manual/physical support is required, it should be provided openly. Children should always be consulted and their agreement gained. Some parents are becoming increasingly sensitive about manual support and their views should always be carefully considered;
- Recognise the developmental needs and capacity of children – avoid excessive training or competition and do not push them against their will;
- Secure parental consent in writing to act in loco parentis. If the need arises to administer emergency first aid and/or other medical treatment. Keep a written record of any injury that occurs, along with the details of any treatment given.

The following should be avoided except in emergencies. If cases arise where these situations are unavoidable it should be with the full knowledge and consent of someone in charge at an Event or the child’s parents. For example, if a child sustains an injury and needs to go to hospital or a parent fails to arrive to pick a child up at the end of an Event:

- Avoid spending excessive amounts of time alone with children away from others;
- Avoid taking or dropping off a child to an Event;
- Allow allegations made by a child to go unchallenged, unrecorded or not acted upon;
- Do things of a personal nature for children or disabled adults, that they can do for themselves;

Officials, Competitors and volunteers should never:

- Engage in rough, physical or sexually provocative games;
- Allow children to use inappropriate language unchallenged;
- Make sexually suggestive comments to a child, even in fun.
- Invite or allow children to stay with them at their home unsupervised.

Note: It may sometimes be necessary for adults to do things of a personal nature for children particularly if they are young or disabled. These tasks should only be carried out with the full understanding and consent of parents/careers. If a person is fully dependent on you, talk with him/her about what you are doing and give choices where possible.
If any of the following occur you should report this immediately to another colleague and record the incident. You should also ensure the parents of the child are informed:
• If you accidentally hurt a child or young person;
• If he/she seems distressed in any manner;
• If a child misunderstands or misinterprets something you have done.

11.6.4 Use of photography/filming equipment at sporting Events. There is evidence that some people have used sporting Events as an opportunity to take inappropriate photographs or film footage of young and disabled sportspeople in vulnerable positions. All Event Officials and volunteers should be vigilant and any concerns should be reported to ZANEF.

There is no intention to prevent coaches and teachers using video equipment as a legitimate coaching aid. However, performers and their parents/carers should be made aware that this is part of the coaching programme and such films should be:
• Stored securely;
• Used only by the trainer/coach for training purposes;
• Destroyed when the film is of no more value for training purpose or when requested to do so by the parents or carer.

Commercial photographers will usually be present at Events and connections and spectators will be taking wide angle and general photos. If, however, anyone has concerns over inappropriate or intrusive photography by any photographer during an Event, they should contact the Organiser or the CS or TD as promptly as possible. These officials will take such action as they consider appropriate at the time. Anyone with concerns of this nature arising after and Event, or requiring further information should contact ZANEF.

11.7 Equal Opportunities Statement. ZANEF aims to ensure that all people, irrespective of race, colour, nationality, ethnic or national origin, disability, sex, sexual orientation or marital status, have an equal opportunity to take part in equestrianism at any level and in any role.

ZANEF will inform its member, employees and volunteers on the ownership adoption and implementation of equal opportunities within the sport of Eventing, and will monitor, review and evaluate progress in achieving these aims, feeding back to member bodies on progress made.

ZANEF’s members, employees and volunteers have a responsibility to ensure they assist ZANEF in successfully achieving its equal opportunities objectives by:
• Not discriminating against fellow members, employees, volunteers, suppliers or members of the public with whom they come into contact during the course or their equestrian pursuits;
• Not inducing or attempting to induce others to practice unlawful
discrimination;

• Reporting any discriminatory action to the ZANEF Executive Committee.

11.8 Social Media

11.8.1 ZANEF recognises that the internet provides unique opportunities to participate in interactive discussions and to share information using a wide variety of social media. However, Member’s use of social media can pose risks to ZANEF’s reputation and its confidential and proprietary information. It can also jeopardise its compliance with legal obligations.

11.8.2 Therefore, in the interests of the sport, when using the internet and all social media Members must not:

• Post any threatening, derogatory, obscene, indecent, sedition, offensive, pornographic, abusive, disparaging, racist, discriminatory, menacing, inflammatory, blasphemous, or defamatory statements or material, including, but not limited to statements or material concerning ZANEF, its members or former member, its sponsors, affiliates and stakeholders;
• Make any statements that could directly or indirectly damage ZANEF’s name;
• Use ZANEF logos, brand names, slogans or other trademarks, or post any of its confidential or proprietary information without ZANEF’s prior written permission.

11.8.3 Moreover, if Members disclose or use in any way their ZANEF membership when using social media, they must make it clear that they are speaking on their own behalf and that their views do not represent those of ZANEF.

11.8.4 Failure by Members to comply with the provisions of this Rule may result in disciplinary sanctions under these Rules and/or civil proceedings. ZANEF may also require Members to remove postings, comments or any other submissions which may constitute a breach of this Rule.

11.8.5 ZANEF reserves the right to monitor, intercept and review social media postings and activities to ensure that its Rules are being complied with, and for its legitimate business purposes.

11.8.6 ZANEF will comply with any law, or request by any governmental or other regulatory authority, or order by a court or other authority of competent jurisdiction, requiring ZANEF to disclose the identity or location of any Member posting any material in breach of this Rule. ZANEF may share a Member’s personal information with the police or any other governmental authority if it is asked to do so in connection with the investigation of suspected illegal activities.

INTERNATIONAL (FEI) COMPETITION

2.1 General

2.1.1 All International horse sports are governed by the rules of the Federation Equestre International (FEI). The FEI deals with National Federations (NFs). Our NF is The Zambia National Equestrian Federation (ZANEF).

2.1.2 This annex contains references and extracts from the FEI General Regulations, Eventing Rules and Veterinary Regulations; these rules are set out in full at www.fei.org

2.2 Registrations (Art 500.2.4 FEI Rules)

All Horses and Competitors competing in International Events must be registered with the FEI by way of the National Federation (ZANEF); details are obtainable from ZANEF Secretary or from the downloads area of the ZANEF website dev.zanef.com

The time needed to process applications to the ZANEF Office for FEI Registrations is 14 days – longer if the passport holder does not have a Zambian passport. This time must be allowed for when submitting applications to the office. Applications will be dealt with in order of receipt. The normal charge for production of the Passport/Registration documentation is available on the ZANEF website. ZANEF cannot guarantee to process applications in a shorter time, but if it is possible, there may be an additional charge.

2.3 Horses Passport (Art. 500.2.4 FEI Rules)

2.3.1 Horses entered at CIMs (Cis 1*/2*) in a foreign country, and all horses entered at other CIs (CIC3* and CCI3*/4*), CIOs, FEI Championships, Regional and Olympic Games, whether at home or in foreign countries must have an FEI Passport or a National Passport approved by the FEI and inserted inside an FEI Recognition Card as a means of identification and to establish ownership.
2.3.2 Horses taking part in CIMs (Cis 1*/2*) in the country in which they are resident are not required to have such a passport as mentioned in 2.3.1. All such horses must be properly registered with their NF and identifiable and, unless there is no national requirement for vaccination in the host country and in the country or origin, all horses must have a valid vaccination certificate.

2.3.3 All Horses newly registered with the FEI must be identifiable with a microchip, compatible with ISO 11784 and ISO 11785. All microchip information must also be entered into the Horse’s passport.

2.4 Vaccinations
All Horses competing under FEI Rules are required to be vaccinated in accordance with FEI Veterinary Regulations and Eventing Rules. These require that booster vaccinations be given within 6 months of the arrival at the stables, which may be extended by 21 days in order to provide a window for revaccination; a shorter interval is permitted, but this will set the date for the next booster vaccination.

2.4.1 Extract FEI Veterinary Regulations
Article 1028 – Vaccinations

I. Equine Influenza (EI)
1. All Horses participating in FEI Events must be vaccinated against Equine Influenza, according to the following minimum protocol unless there is any national law/regulation stating otherwise or in exceptional cases as approved by the FEI.
2. An initial Primary Course of two vaccinations must be given; the second vaccination must be administered within 21-92 days of the first vaccination.
3. The First Booster must be given within 7 calendar months following the date of administration of the second vaccination of the primary Course. All horses that were certified as correctly receiving the Primary Course prior to 1 January 2005 (under previous regulations), are not required to fulfil the requirement for the First Booster, providing there has been no lapse in their vaccination regime.
4. Booster Vaccinations
   a. The minimum booster frequency is every 12 months.
   b. However for Horses competing, the last Booster must have been given within the 6 months +21 days (and not within 7 days) before arrival at the Event.

II. Eligibility to be admitted to the FEI Stable Area and compete
5. The horse must have received at least the Primary Course of vaccinations consisting of two vaccinations administered at an interval of 21-92 days against equine influenza. The horse may then compete 7 days after the second vaccination.
6. A first booster vaccination must have been administered within 7 months of the second vaccination of the primary course. Thereafter annual boosters must be administered at a maximum interval of 12 months with the most recent vaccination given within 6 months and 21 days prior to being admitted to the FEI stable area and eligible to compete.

7. No vaccination shall be given within 7 days of the Horse’s arrival at the Event.

III. Equine Influenza Vaccines, Administration and Certification

8. Vaccination details must be entered in the Horse’s passport according to the instructions in the passport. In particular the following points must be followed:
   a. All proprietary equine influenza vaccines are acceptable, providing they are administered according to the manufacturer’s instructions (i.e. intramuscular injection or intranasal).
   b. All vaccines must be administered by a Veterinarian.
   c. The details of the vaccine, serial/batch number, the date and route of administration must be recorded in the passport on the Equine Influenza page.
   d. The certified statement "The vaccination history of this Horse is correct to date. Last vaccination on 00/00/00 date” may be used to summarize a long vaccination history when a new or duplicate passport is issued.

IV. Vaccinations against other Equine Infectious Diseases

9. Vaccinations administered against other equine infectious diseases must be entered in the Horse’s passport in the correct vaccination page, in accordance with these VRs. ZANEF Members are therefore advised to check their horse’s vaccination dates carefully before applying for FEI passports and entering FEI events.

2.5 Structure of Competition

2.5.1 Extract from FEI Eventing Rules - Structure of Competition

Article 501 Competitions and Series
501.1 International (CIs)
Competitions with an individual classification. Location, date and level of CIs must be approved by the FEI. Special requirements may apply for 3&4 star level Competitions at new venues.

Article 502 Formats and Levels
Competitions are also defined by their format and level.

502.1 Formats
502.1.1 Definition
Formats define some of the technical aspects of the Competition (duration of
the Competition, intensity of the Cross Country Test, order of tests, etc.)

502.1.2 Long Format Competition (CCIs)
A Long Format Competition may take place over three or more days. The Dressage Test will be spread over one or more consecutive days, depending on the number of competitors, directly followed on the next day by the Cross Country Test that will be directly followed on the next day by the Jumping Test. In the Long Format Competitions the Cross Country course will be of such a length that the Horse is required to be supremely fit and stamina will be required for success. The Cross Country Test will always take place before the Jumping Test.

502.1.3 Short Format Competition (CICs)
A Short Format Competition may take place over one or more days. The Dressage Test will always take place first and will be followed on the same or following days by the Jumping and Cross Country Test. In the Short Format Competition the level of difficulty of the Cross Country course is similar to the Long Format according to the star system, but the course is shorter and the intensity of efforts will be higher. The Cross Country Test will preferably take place after the Jumping Test.

502.2 Levels of difficulty
The levels indicate the degree of difficulty of the Competition and are defined by a progressive star system ranging from the lower level to the higher. Four star levels are defined for the Long Format and three star levels for the Short Format. The Four star level Competitions require the maximum level of training and experience from both Athlete and Horse.

Where an Athlete is entered with a Horse in a Team Competition, he must always ride that Horse before any additional Horse he is riding in the Individual Competition.

504.1.3 CIs
There is no limitation to the number of Horses an Athlete may ride in an Individual Competition, with the following exceptions:

2.6.2 Extract from the FEI Eventing Rules

**Article 516 Principles**

In order to be entered in an international Competition Athletes and Horses must first and foremost fulfil the criteria set by their National Federation. In addition to the criteria set by National Federations the eligibility to compete will be determined by the achievement of a number of Minimum Eligibility Requirements (Art. 517) in international Competitions.

MERs have to be achieved by the Horse or by the Athlete/Horse as a combination according to the level of competence/experience (Art. 519 Athletes Categories) of the Athlete and the level of the Competition. National Federations are encouraged to set stronger and additional criteria to FEIs minimum requirements for Horses and Athletes.

Organising Committees, with the approval of the FEI and their own National Federation, may also impose additional criteria for Horses and/or Athletes, which must be published in the schedule approved by the FEI.

The Technical Delegate, or his nominee, shall check that all Horses and Athletes are correctly entered by their National Federation and registered with the FEI.

**Article 517**

**Minimum Eligibility Requirement (MER)**

A Minimum Eligibility Requirement is achieved by completing a Competition within minimum parameters of all round performance as follows:

a. **Dressage Test:** not more than 75 penalty points.

b. **Cross Country Test:**
   - A clear round (0 penalties) at obstacles (see Art. 520 for exception).
   - Not more than 90 seconds [36 penalties] exceeding the optimum time in the Cross Country Test for one, two and three star level Competitions and 120 seconds [48 penalties] in the
case of four star level Competitions.
c. Jumping Test: not more than 16 penalties at obstacles.

NOTE: All MERs obtained in previous years will be counted according to the rules in place at that time.

**Article 518**
Minimum Eligibility Requirement Validity Period

**518.1 Championships**
The valid period for obtaining a Minimum Eligibility Requirement is from the preceding calendar year to the closing date of the nominated entries.

**518.1 CIs & CIOs**
a. At least 24 days before the Cross Country Test of the Competition for which is needed if the MER has been achieved at a Long Format Competition (CCIs).
b. At least 10 days before the Cross Country Test of the Competition for which is needed if it has been achieved at a Short Format Competition (CICs).

**Article 519**
Athletes Categories

The following table details the requirements needed to be entered in the different formats, categories and levels of international Competitions.
a) The 1st activation of a frangible/deformable device (11) will allow a MER.
b) When multiple Minimum Eligibility Requirements are required for CIs and CIOs, one of the Minimum Eligibility Requirements can be achieved incurring 20 penalties at the obstacles of the Cross Country Test. (See below for Minimum Eligibility Requirements for Championships & Games).

520.1 Athletes not yet categorised at the level of the Competition

2.6.3

In the table below the FEI MERs are shown in green and the NF MERs for ZANEF Competitors are in blue. In some cases, the FEI and the ZANEF requirements separately involve ‘multiple’ qualifying rounds (e.g. 2 X MER or 1MER plus 1MER) and some involve only ‘single requirements’.

Both FEI and ZANEF Rules provide that where ‘multiple’ MERs are required, one cross country round, but no more than one overall, can be achieved incurring 20 penalties at the obstacles on the cross country, (‘a 20 penalty round’)

Thus,

- Where ‘multiple’ MERs are required by the FEI, a Competitor may satisfy one of these ‘multiple’ requirements by relying on ‘a 20 penalty round’ as a qualifying round.

Alternatively, i.e. not additionally,

- Where ‘multiple’ MERs are required by ZANEF, a Competitor may satisfy one of these ‘multiple’ requirements by relying on ‘a 20
penalty round’ as a qualifying round. For the avoidance of doubt, a Competitor may not rely on more than one ‘20 penalty round’ to fulfil ‘multiple’ MER requirements at any given level. All ‘single’ requirements can only be fulfilled by clear rounds at the obstacles on the cross country.

By way of examples:
• If both the FEI (green) and the ZANEF (blue) require ‘multiple’ MERs, only one of these, either FEI or ZANEF, may be achieved incurring 20 jumping penalties on the cross country; all remaining requirements, whether ‘multiple’ or ‘single’, must be clear jumping cross country.
• If either the FEI (green) or ZANEF (blue) require ‘multiple’ MERs, and the other has only a ‘single’ requirement, it is only one of the ‘multiple’ requirements which may be achieved incurring 20 jumping penalties on the cross country; all remaining requirements must be clear jumping cross country.

For the valid period of obtaining a Minimum Eligibility Requirement, refer to Article 518: Minimum Eligibility Requirement Period.

Qualification for Young Horse Championships will be established separately by the Eventing Committee on an annual basis.

**Article 522**

Reverse Qualification

522.1 Reverse Qualification - Horse

A reverse qualification is the obligation for a Horse to show restored competence at a lower level (MER) after a number of unsuccessful attempts at a certain level. Reverse qualification only applies to the Horse.

A reverse qualification is triggered

- by two (2) consecutive Cross Country eliminations or
- a total of three (3) Cross Country eliminations within a twelve (12) months rolling period of time in international Competitions.
For this purpose, the relevant reasons of elimination on Cross Country would be:

a. Three (3) refusals
b. Fall of Horse or Athlete
c. Dangerous riding

Reverse qualifications remain unless cleared by a MER. In the case of a reverse qualification at certain level the Horse must obtain a Minimum Eligibility Requirement in an international Competition at a lower level before being allowed to compete again at the original level (e.g. Horse with 2 eliminations at 3 star level (any format) must obtain MER at 2 star level (any format) before going back to 3 star level (any format)).

If a reverse qualification is triggered by eliminations that occur at different levels (any format), then the Horse must obtain a MER at the level below (any format) the highest level of Competition at which an elimination occurred.

If a reverse qualification is triggered following eliminations at 1 star level (any format) then the NF must assess the Horse and provide a written report to the FEI Eventing Department before the Horse may again take part in any international Eventing Competition.

522.2 Reverse Qualification - Athlete
In addition to the above, should an Athlete be fully involved with two (2) reverse qualifications within a twelve (12) months rolling period of time his category (Art 519) will drop down one (1) level for one (1) year, as of the date of the second reverse qualification.

523 Athletes Welfare
523.1 Medical Information
To ensure that vital information is available to first aid or medical personnel in case of emergency, athletes must comply with the following:

a) Providing a valid contact information is mandatory for all Athletes. The telephone number of an accompanying person/next-of – kin must be provided to the Event secretariat upon arrival (OC and medical officer to ensure all information has been received before the cross country).

b) Declaration of medical condition
Athletes with medical conditions that may be relevant in the case of a medical emergency are responsible, at every Event when riding, for wearing a medical data carrier* from a system provider able to communicate information at least in English. Alternatively (and at the minimum) a medical armband of good quality can be used. Athletes who chose to wear an armband should download and fill the form available for this purpose on the FEI’s website.

*Medical data carrier (also called “medical identification tag”): small emblem or tag worn on a bracelet, neck chain, or on the clothing,
intended to alert paramedics/physicians/first responders that the wearer has an important medical condition. Conditions that are relevant include recent head injury, serious past injuries/surgery, chronic health problems such as diabetes, long-term medications and allergies. If in doubt, the Athlete should discuss this with his own treating physician.

### 2.10 FEI DRESSAGE TESTS

#### 2.10.1 Copies of all FEI Dressage Tests can be found in the ZANEF Eventing Handbook.
2.10.2 **FEI Judges Required**
Where National Dressage Judges are permitted to judge the dressage phase of a CIM (Cl 1*/2) and other Cls they must be a minimum of List 4 as per the British Dressage Panel Lists.

2.11 **International Events Overseas**

2.11.1 As far as possible, the Selectors will allow British Competitors to compete overseas at any Event. Selection will only take place if there are more British applications than the number of places which have been allotted. Selectors will encourage Competitors to support British Events. BE and the Selection Committee may refuse to allow any Competitor to compete overseas. Pony, Junior and Young Competitor Selection Committees will be consulted as appropriate and may invite Competitors of their choice to compete abroad. The following are the considerations which will be taken into account when deciding whether to select a Competitor or not:

- The horse must be qualified;
- The history of the Horse’s competitiveness when overseas;
- The history of the Competitor’s competitiveness when overseas;
- The current form of the combination;
- The age and development potential of the horse;
- The age and development in respect of the Competitor;
- The need for the horse to qualify at a higher level;
- The period since the horse last competed at the same or higher level;
- The quality of the horse’s last Cross Country run.

2.11.2 **The procedure for making an entry overseas:**

- On the date given in the BE Magazine or the website, a correctly completed form, obtainable from BE, should be sent to BE together with the fee of £40 per form. Applications which are either late, or incorrectly completed, will incur a further fee in the like amount before being processed;
- If the fee is not paid with the entry, the entry will be returned;
- When the date for consideration of the applications arrives, the Selectors will determine how many places are available at the Event;
- At the closing date for entries, a list of the horses entered will be available together with the names of any horses which have been balloted out. Competitors will be notified accordingly;
- If the Competitor has to withdraw his horse, it is his responsibility to notify ZANEF. Failure to do so is likely to lead to disciplinary action.
ANNEX 4

EXAMPLES OF REFUSALS, RUN-OUTS AND CIRCLES

Penalties will be imposed for refusal, run-out, circling or fall only when the judge decides that any such was connected with the passage or attempted passage of the numbered and lettered obstacle for the Class in question.

Where there is any doubt about the correct interpretation of the rules of judging any element, obstacle or combination of obstacles, it is recommended that the Chief Steward should approve the instructions to officials, with a rough sketch of the particular obstacle(s) in question which should also be posted with the Course Plan.

The following diagrams are non-exhaustive examples for reference. The wording of the respective rules will prevail.
1 0 Penalties
2 0 Penalties
3 0 Penalties
4 0 Penalties if not presented at B
5 0 Penalties
6 20 Penalties
7 20 Penalties
8 20 Penalties
9 20 Penalties
Diagram 26 & 28
At an obstacle composed of several elements (A, B, C, etc.) a Horse will be penalised if it passes around the back of the subsequent element or circles between subsequent elements.

Red route:
20 penalties because it passes around the back of element B (crosses the entire projection of the back of element B).

Green route:
Clear because it avoids passing around the back of element B (avoids to cross the entire projection of the back of element B).
